

QUESTIONS

(Answer Key)

QUESTIONS:

1. Describe the kind of brushstroke van Gogh uses. choppy, swirling
2. How does he achieve unity (or sameness)? by using the same kinds of colors and the same kind of brushstrokes throughout
3. How does van Gogh create movement? by using repeating shapes and colors in the sky
4. Name one of the functions of the cypress tree and the sun in the composition. they keep the eye from falling out of the picture on each side - or - they create balance in the picture
5. Draw the **cone** and the **apple** in the rectangle below them. Place them in the rectangle in such a way that the composition is balanced. Can you **add** something to the composition that draws our eye all around the space?
